Granita Machines

MODELS G23-2B and MG23-2B

Featuring new optional electronic touchpad controls, superior merchandising and a unique multi-cool system for faster cool down.

- The only source for your global beverage equipment needs

Beverage Systems

**G & MG Series****Crathco Granita Machines****Features:**

- Multi-cool condensing system includes a dedicated compressor for each bowl for fast cool down and more efficient operation.
- Each G Series bowl features independent electronic touchpad controls with keyless lock on control cover. (MG Series features traditional rocker switch controls).
- Attractive, ergonomically designed handle is removable to prevent unauthorized use during off-hours.
- Back-lit displays on top lids and rear of unit, featuring long life incandescent bulbs, draw customers for maximum sales.
- Large capacity 3.17 gallon (12 liter) bowls merchandise popular frozen beverages such as frozen cappuccino, frozen fruit drinks and frozen cocktails.
- UL Sanitation listed to NSF Std 18 and NSF Std 6 for dairy products such as dairy based smoothies and cappuccinos.
- Air filter built into rear panel of all models. G Series models also include audible warning when filter needs cleaning to protect compressor.
- Stand-by switch allows product to be kept refrigerated for overnight storage and can be controlled by a built-in defrost timer.
- Attractive brushed stainless steel construction with black lids, drain trays and trim for long lasting appearance in the field.
- Environmentally friendly R404A refrigerant.
- Fan cooled gear motors for extended life.
- Dual mixing system - Patented mixing rod in bowl assists with product mixing and prevents "ice jams".
- Easy to use, quick to remove dispensing valve - snaps out, snaps in - no tools necessary.
- Optional Autofill systems available.
